## Our Clients

Mosaic Meals by The Cook's Nook serves four key groups of clientele – all of whom support communities and families at disproportionate risk of suffering health issues:

- ✓ **Municipality Health & Human Services Executives and Food Managers**, who need exceptional meal programs their residents can afford;
- ✓ **School-District Operations and Food-Service Directors**, who need highly nutritious meal options at lower costs for their communities and families;
- ✓ **Nonprofit Directors and Food Leaders**, who need to provide access to high-quality food that aligns with their organization's values; and
- ✓ **Convenience Store Retailers** who have no grocery-store competition, and are therefore serving residents who depend upon their shops as their main food-shopping resource.

## Your Choices

We offer three different delivery options for our meals:

- ✓ **Daily distribution** – meals come to your locations [school cafeterias, community centers, etc.] for distribution, so that you can continue to focus on your core mission;
- ✓ **Self-service** – meals come to your facility's Mosaic Meals cooler where customers can pick them up during the day, reducing staff needs while providing safe, consistent food access; or
- ✓ **Convenience stores** – meals come directly to your store to give your customers fresh, unique, ready-to-eat meals while keeping your key margins.

Additionally, The Cook's Nook is happy to provide **meal-program management services** to further support meal distribution for your organization.

**We want to make it easy for you to serve your community and support them in great health.** Contact us today to learn more:

## About The Cook's Nook

Founded by Joi Chevalier in 2017, The Cook's Nook is a community of culinary professionals working to create products, companies, programs, and policies that are profitable, sustainable, equitable, and engaged. And we help provide people within our community experiencing food insecurity with the nourishment they need to survive and thrive.
